**KITCHEN UPDATE**

Regulars will have noticed that we've reduced our menu.

It was a tough call to make and caused a few sleepless nights!

Over the years Dyls has become a much-loved brunch destination but it's also a victim of its own success. The Borrower sized kitchen meant that at peak times customers were having to wait up to an hour for food. Good quality food is worth waiting for, but that's a little excessive.

The new reduced menu means we'll be able to serve more hungry mouths, for even longer – who doesn't love a warm toastie on a cold winters eve?...
